Product information

BestView3D – Champions League

Champions League winner Inter Milan, England's record champion Manchester United, Chelsea, Bayern Munich, the new Galacticos of Real Madrid featuring Özil and Ronaldo: Starting from 14. September 2010, these can all be yours!

All the stars and crucial goals from the Champions League season 2010/2011.

BestView3D – Videos CL in action!

With our 3D video package, you can experience all of the decisive events and goals rendered realistically in 3D. And they're always up-to-date. You receive the package on the following morning after the match day.

Our 3D clips are captured from three different camera angles at 10-15 second intervals (total video length is 30-45 seconds) and are prepared by experienced football experts from our editorial team. They also come with integrated analysis tools, which pick out all of the highlights of the match day.

As a result, you can easily embed our 3D clips e.g. on your website without having to do any extra editing or installation.

As an additional service, we are also able to add your branding to an intro or outro on our 3D clips.

Advantages at a glance

- Perfect reproductions of the hottest actions in top quality 3D clips
- High-End visual Engine leads to most realistic 3D animations on the market
- Ability to create realistic reports on Champions League matches without TV images
- Videoclips including various view-points such as bird view, player view, ball view and more
- Prepared by expert editors with top quality analysis tools
- Perfect value added content for advertisers
- Available to both web, mobile & broadcast clients (HD available)
